- Proper tennis clothing and shoes (non-marking soles) must be worn at all times
- Junior members are strictly forbidden access to the clubhouse without adult supervision
- Where there is no court booking, if a court is in use by adults, and adult members are waiting to play, members should revert to playing a short set, or not exceed playing time by more than 30 minutes
- Except for official junior coaching, adult members have priority on use of the courts and juniors must vacate the courts when requested. However, it is hoped that adult members will be reasonable on this point, and that juniors are allowed to complete the game or continue playing for a further 10-15 minutes
- Club matches, tournaments and Club Night take priority over normal play
- Juniors may only use the floodlights under the supervision of an adult
- No dogs, bikes, skateboards or footballs
